HI THERE!

THANKS FOR YOUR INTEREST

A little story about us...

We started back in September 2018 with focus on providing premium accessories with high quality materials at an affordable price.

Our production soon expanded to include not just accessories, but also jewelries, crowns, and many more with various techniques and styles.

Thanks to amazing support from our loyal clients and friends, we have since grown to become one of Indonesia's most prominent and largest jewelry and accessories brands, with multiple branches around Indonesia and international portfolio as well.

Now, we are more committed than ever to bring you the widest and most complete collection of jewelry and accessories, with the best quality you can find for the price tag and warm and friendly service—while also maintaining our reputation as being the trendsetter of jewelry and accessories trend especially in the wedding industry.

We hope you enjoy our products as much as we enjoyed creating them!

"Making dreams come true, one wedding at a time."

FOUNDER & CEO OF NOMA
WHY US
OUR VALUES & WHAT MAKES US DIFFERENT

EMPHASIS ON QUALITY
We take pride in our quality of materials & craftsmanship and we really go the extra mile to make sure our products are the real deal—especially our crown and jewelry collections which are well-known for their real-diamond-and-gold-jewelry feel. We want to be known as being premium due to our quality, not just due to pricing or branding.

FAIR PRICE
We never inflate our price just because of brand name & marketing. We work so hard to streamline and scale our operation so we can continue to offer the same affordable price for years with improved quality, even when inflation is climbing steep. We guarantee that for the same price, you will never get better—or even just the same—quality elsewhere. It’s not about being cheap or expensive—it’s about being WORTH IT.

TIMELESS TREND
We are proud to be the trendsetter of wedding jewelry and accessories in Indonesia. It is in our heart and soul to always be original, innovative & creative, so we can always create something interesting and intriguing—while keeping it timeless & everlasting at the same time, as we want you to look back and still love your decision even after years to come.

IMPECCABLE SERVICE
Wedding planning itself is already too stressing enough, so why add more stress by going through trials-and-errors? Finding the right vendor can be as hard as finding Mr. Right. That’s why we are here to be your trusted & reliable friend. To pamper you, we have over 2000 ready stock collection to suit any style & personality, branches in major cities around Indonesia so you can directly experience our products, and friendly team of stylists to help you find your perfect match! They’ll even give you free hairdo & styling tips when you visit us. Double yay!

TRADITION DONE RIGHT
As the pioneer of traditional Chinese accessories in Indonesia—ranging from the most simple modern hairpins to the most lavish Qing Dynasty headdresses—we keep experimenting with various techniques, materials, and styles to always upgrade our collection, while still keeping in mind the original tradition of Chinese culture.

Our early breakthrough came when we popularized Chinese fan for Sangjit and Teapay in Indonesia. Soon, everyone started to adopt the trend. Sure enough, whatever we launched afterwards became the hottest trend—from Chinese brooch for groom, extravagant hairpiece set, jade jewelries, nail armors, up to full body adornments for qipao—inspiring everyone to follow in our footsteps.
